

Employers subscription

The Employers subscription makes it possible to:

- Set a rate for guest usage
- Reset the charge point if necessary

You have applied for the employer subscription, so that we automatically settle the electricity costs with your employer or your own company.

In you use an E-Flux mobility card and want to settle with your own company:

- The charging station is registered on the private person because he or she receives the reimbursement. That is why you log in with your private email address via this link: <https://my.e-flux.nl/co/customer>
- The charge card is registered on the business account because it is invoiced for the charge sessions. That is why you log in with your business email address via this link: <https://my.e-flux.nl/sp/customer>. In here you will find all charging sessions on public and your own charging point under "Activity". Please note: when the charging sessions are exported to Excel, the amounts are shown excluding VAT.

Set your own charge rate

Discuss what rate you get compensated from your employer. You can find the reimbursement invoice under Account > Income.

Feel Free!

Set rate

1. Go to charging station
2. Click on **Pricing**
3. Click on **Edit Pricing**
4. Enter a rate and click on **Set pricing policy**.
5. Check '**Publicly available**' under devices > configuration

Status **Stations** Whitelist Activiteit Account Rapporten

Charging points					
#	Station rank	Socket type	Power type	Fixed cable	Publicly available
1	Charging point 1	Type 2	3 x 32A (230V)	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Reset charging station

1. Go to charging station
2. Go to **Devices**
3. Click on the serial number of the charging station
4. Click on **Operation**
5. Click on **Hard reset**

The charging station will restart. Try to remove the charging cable once again.

Configuration				Operation	Sessions	Events
Device						
Out of order						
Hard reset						
Soft reset						
Charging points						
#	Connector	Fixed cable				
1	Type 2 — 1 x 32A (230V)	<input checked="" type="checkbox"/> No				
2	Type 2 — 1 x 32A (230V)	<input checked="" type="checkbox"/> No				

Note: Enter the desired price per kWh excl. VAT. You will receive the reimbursement excl. VAT. The platform generates an invoice from you as a private person to E-Flux. Because you are a private individual, no VAT is charged in the invoice. **Don't forget to leave your bank account number for the reimbursement.**
